

## *“I am lonesome and I need your help”*

The Great Northern Railway Historical Society membership numbers are dropping and the Membership Officers are seeking volunteers to help reverse this trend. Our intention is for the GNRHS to have a more pronounced presence at local railroad shows, hobby shops and in your community. So we are looking for dedicated individuals to become regional coordinators. Someone who can find the local shows and coordinate a presence of the GNRHS at those shows. The Membership Officers will assist and train the coordinator in the art of coordinating his team and producing a quality display. We will also offer tips in passing out brochures, offering brochures to display at hobby shops and how to make your community aware of the GNRHS.

We already have a quality team put together in the Wisconsin/Illinois region and now need individuals in Minnesota, especially the Twin Cities and Twin Ports, the North Dakota/Montana region, Oregon/California region and the Washington/Idaho region.

Our goal is to have teams assembled under the coordinators to cover the Great Northern territory. Once we establish and cover this area, we will expand to other regions. This is an ambitious goal but we have dedicated and ambitious members. The coordinator position would not be difficult, in fact it would offer a great opportunity to get together with existing members, meet new recruits, but most of all, a chance to talk Great Northern and have fun. **Please volunteer today!**

If no one volunteers, one of the Membership Officers will be personally calling and asking for your assistance in one of the most important projects in the Society. **Without members your Society will not exist. Please step forward and make Rocky a little less lonesome.**

Contact Bruce Goeser or Andy Kern the Membership Co-officers.

**Remember it is up to us to carry the torch of Jim Hill's dream.  
If we drop it, there will never be another to pick it up.**
